PalmPilot *custom* design
software applications of
forms !

Palm Pilot

Field Data Collection
via familiar user interface

Send us the forms that *you* are
for data collection and we will
design and program them into the Palm

Any form, regardless of size or c
may now be custom designed
programmed for use on

Integration Services

PalmPilot and Symbol SPT 1:

(Some examples shown on left)

»[Click to Download PalmPilot and Symbol SPT 1500 DEMO Programs](#)

Pen Computer Solutions, Inc. provides the following services:

- Analysis of your current data collection system, i.e., are you still using paper forms and want to automate that process?
- Program your form(s) for the PalmPilot/IBM WorkPad/Symbol SPT 1500 using methods that maximize the speed, accuracy and ease of data entry for the user.
- Custom design applications rather than "off the shelf packages". Each application is "one of a kind".
- Complete PalmPilot to database integration services.

Pen Computer Solutions, Inc. has over 10 years experience in the computer / mobile field data collection business.

If you want to experience the difference between Pen Computer Solutions, Inc. approach to PORTABLE Field Data Collection and the "Off the Shelf" approach, browse the pages accessible by clicking an application icon shown above. If you don't see an example of an application related to your organizations' needs, please give us a call, or e-mail us at info@pencomputersolutions.com. Remember, all of the applications we develop for the PalmPilot, Palm III, IBM WorkPad and Symbol SPT 1500 are *custom programs of your own forms!*

Please Contact Us at: (301) 929-1151

We accept VISA and MasterCard
